

## The Jungle Maya Expedition

### World's Longest Underground River Discovered

Enter into the amazing Sac-Actun cenote system, the world longest underground river, explored throughout 153.9 km by specialized cave divers. Snorkel in the Nohoch Nah Chiich cavern, surrounded by awesome rock formations and millenary stalactites and stalagmites. Ride through the exuberant rain forest on our all-terrain Mercedes Benz Unimogs.

Swim in Yaxmuul, a unique natural pool. Visit Kantenah Natural Reserve. Live a great experience rappelling into a beautiful cenote and fly over the jungle's foliage on exciting zip-lines. Take a bike journey through jungle paths to discover a mystic cenote where you will participate in a traditional **Maya purification ceremony**.

All the locations are **exclusive for our small groups**. Our specialized tour guides are fully bilingual and will provide thorough explanations and directions before each activity.
